PROFILE

Full-stack software engineer and entrepreneur based in Kenya. Founder of Ebenezer Softwares, a software development company that has delivered 50+ projects across multiple industries, and CEO of Grace Dishes, a food delivery platform with dedicated apps for customers, riders, vendors, and affiliates. I design, build, deploy, and maintain full-stack web and mobile applications, from Astro and React frontends to Node.js/Express backends, Supabase-powered data layers, and payment integrations like M-Pesa STK Push, and I'm increasingly focused on AI-driven workflow automation using tools like n8n.

EXPERIENCE

Founder & CEO — Ebenezer Softwares

2021 — Present

- Founded and run a software development company delivering web apps, mobile apps, e-commerce platforms, and custom SaaS products for clients across Kenya.
- Built and maintain client sites including ITWASCO (Astro + Supabase), KSUCU-MC's member/events backend (Node.js/Express), Ubossify's Shopify-integrated dropshipping platform, and storefront sites for local businesses like Kasap Butchery, SkyPoint Toner, and Coast Light General Enterprises.
- Own the full delivery cycle: design, development, deployment, and ongoing maintenance.

Founder & CEO — Grace Dishes

Present

- Built and lead a food ordering and delivery platform in Kenya, including a website and separate Play Store apps for customers, riders, vendors, and affiliates.
- Responsible for both the product's engineering and running the business day to day.

Software Developer — Private Contractor, Kisii

May 2025 — Present

- Design and build websites and web apps for independent clients, using the MERN stack, Figma for mockups, and modern deployment tooling.
- Review code for validity, structure, and cross-browser/device compatibility against industry standards.
- Handle ongoing hardware/software maintenance and collaborate with other developers on system design and component compatibility.

EDUCATION

Bachelor of Science, Software Engineering

Kisii University, Kisii, Kenya

Graduated 2025, Second Class Honours (Upper Division)

KCSE, Secondary School

Chebara Boys, Kapsowar, Elgeyo Marakwet

Mar 2021
